

TORO

SGR-13

HANDLEBAR STUMP GRINDERS

THE TORO® SGR-13 is compact and maneuverable to access harder to reach stumps, to efficiently turn stumps to mulch. Their well balanced design and easy to use controls ensure easy operation - for both professionals or homeowners looking to rent. SGR-13 features convenient lift handles for easy loading and unique cutting technologies that combine smooth grinding with simple maintenance.

FEATURES

COMPACT & MANEUVERABLE

- Access hard to reach stumps or grind near other objects
- The SGR-13 is powerful yet nimble enough to reach stumps near houses, other live trees and other close spaces
- Lift handles ensure easy loading and unloading. Foldable handle allows compact transport in a SUV, car, truck or minivan

SUPERIOR CUTTING PERFORMANCE

- Innovative grinder teeth that shear rather than shred - sheering is a smoother motion that allows for faster, more efficient stump cutting
- SGR-13 cuts up to 14" (35.6 cm) above and 11" (27.9 cm) below grade

USER-FRIENDLY, DURABLE DESIGN

- Lightweight for easy maneuvering into the grinding position
- Heavy-duty centrifugal clutch is built to handle stump impact
- Rubber gaskets between the handle and frame help reduce vibration and operator fatigue
